

# WOLFGANG RIEBE

International Inspirational Keynote Speaker

## DISCOVER YOUR MAGIC

**Life is a magical experience, living is an exciting journey -  
Wolfgang Riebe is the enigmatic catalyst !**

*Wolfgang has achieved more than most people do in 10 lifetimes !*

A true ‘**professor**’ of **hope**, who, by following his heart has grown from being one of the world’s top corporate entertainers to one of the **most sought after Keynote Speakers on the global business circuit today.**

Armed with a degree in communication and psychology & various business diplomas, he followed his dream of becoming a consultant corporate illusionist, designing shows and presentations around product launches, road shows and events. Coupled with appearances on the world’s top cruise liners, Broadway & Vegas style production shows and contracts globally, Wolfgang soon became a leader in this niche market.

Experiences include walking with Penguins in the Antarctic, explored the Bermuda Triangle, sailing force 12 hurricanes in the Atlantic and survived running aground near the North Pole, plus appearances in Hollywood.

Being an acutely aware entrepreneur, Wolfgang sought opportunities from all around, and soon became director of his own corporate consultancy, property investment & TV production company. In later years he achieved celebrity status with many prime time TV series on SABC TV and hence became the most successful illusionist in the entire history of the African continent.

**Been there, seen it, done that** – it was time to move on and give back to humanity. Hence the next logical step – Keynote Motivational Speaking - here’s the difference though :

*He offers no “quick fix ra-ra sessions”. Neither is he a ‘personality’ who has the gift of the gab, read some motivational books, and now claims to be an expert on the subject.*

However, he shares personal life experiences, practical life skills, and laughter from incredible wisdom gained over 22 years of presenting globally. Through **passion, humility, conviction** and a **great sense of humour**, Wolfgang’s calling has become *Inspiring Humanity*.

His No. 1 bestseller, “Discover Your Magic”, is in it's 3<sup>rd</sup> print and the DVD version is taking the world by storm.

From pure inspiration, customer service, money magic, wellness to power charging your memory, Wolfgang offers from 60 minute keynotes to full day seminars, all tailored around YOUR needs.

He WILL add that Magic Touch to your next event !
